To whom it may concern:

Coventry Group have completed the Ecovadis Sustainability Assessment.

Ecovadis is the worlds most trusted business sustainability ratings platform. Its methodology is aligned with international standards and the data provided as part of the assessment is verified by the world's leading sustainability analysts.

Coventry Group's first assessment was published on 23<sup>rd</sup> May, 2023. The assessment covered topics on Environment, Labour and Human Rights, Ethics, and Sustainable Procurement. Our overall score was 47/100 which is considered to be a 'good' sustainability performance.

This score puts Coventry Group in line with other companies in similar industries in all areas of the assessment, however above other companies performance in Ethics.

As a Group, we are working to fulfill the areas of improvement as noted by the experts at Ecovadis and look forward to seeing how we can increase our score through our many company-wide initiatives in these spaces in the near future.
